

space

For businesses of all shapes and sizes

The North East Business and Innovation Centre (BIC) is home to a diverse range of companies, which have been able to grow and flourish through our flexible accommodation and business space, whilst taking advantage of 24 hour business support and cutting edge technical facilities.

BIC-based company Bond Solutions specialises in technology based CRM and finance, solutions and support services for SMEs, and is currently ranked second in the UK in the Circle of Excellence - an award established by Sage four years ago to recognise Business Partners who provide outstanding customer service.

Since moving their operation to the BIC in 2004, Bond Solutions has doubled the amount of office space it occupies, which has allowed Managing Director Derek Curtis to manage the company's physical growth alongside rapid business expansion.

Derek Curtis said: "The BIC has proved to be an ideal base for expansion over the past six years as we have grown Bond through several workspaces there.

The central location means access is easy for our staff and clients who come from across the region, and seemingly small issues like car parking, which can be problematic at other workspaces, are all astonishingly well managed at the BIC."

To arrange a site visit and view the variety of business space available at the North East BIC, call **Donna Surtees on 0191 516 6066** or email **businessspace@ne-bic.co.uk**.
